

Practical floor scale with a slightly upraised column for heavy duty professional use. Clear large LCD display with easy tap-on-start and auto-hold function for quick and precise weighing. The low level slip resistant platform offers a wide and comfortable space for the patients. Straight forward BMI, Auto-Hold and mother-child operation gives fast results of the patients' nutritional standard. The turning display allows easy reading from patient and user side. The scale operates by mains and batteries.
