

Electronic wheel chair and chair scales

M500020 Electronic wheel chair scale

ADE

Low level platform scale with one ramp for convenient access with wheel chairs. A cable remote display shows the weight clearly and can be mounted to the wall. Two castors and one handle permit a quick transport. The pre tare function will allow you to deduct a memorized weight just by pressing one button. Such the net weight of a patient can be determined. A hold and tare function will help to get a quick and precise reading of the patient's weight. Powered by mains and rechargeable batteries.

Technical specification:

*

Capacity:	300 kg
